Clinical Required Items:

Clinical required items must be completed and submitted to the office when submitting registration forms, no later than 2 days prior to class starting. Once these are received a schedule will be issued upon payment for the program. These items are required by law from the Oregon Health Authority.

The clinical required items are: a negative TB test, the drug screening, and an AHA BLS CPR card. SEE BELOW:

- **The CPR class may be taken during your classroom portion of the program.** If you do not have a current AHA CPR BLS card you must sign up for a CPR class during your registration process.
- **A negative TB test.** You must get and receive the lab results and submit this to the office during registration.
- **Obtain a drug screening.** The lab will send us the drug screening results. Pay for this during registration and get the test done quickly. Please note that it can take up to a week to receive the test results.

All clinical required items must be approved and confirmed before you will be released for the clinical rotation. You must also pass the final exam and complete all time in the class and labs. Students will be informed by email when they are released for their clinical rotation.

CAREGIVER TRAINING INSTITUTE reserves the right to change class schedules at any time. Schedules are subject to revision based on school, instructor and facility availability. It is our policy to adhere to published schedules whenever possible, and we will make every effort to inform students enrolled school program of any changes as soon as possible.
